Ms Siti Syaliza Mustapha, Senior Manager (Forest Management) of Malaysian Timber Certification Council (MTCC) delivered her welcoming remarks on behalf of Malaysia as the lead country for this initiative. She highlighted the achievements of this working group since its establishment in 2002 that includes (i) ASEAN Guidelines on Phased Approach to Forest Certification, (ii) ASEAN Criteria and Indicators for Legality of Timber, and the (iii) ASEAN Guidelines on Chain of Custody for Legal Timber and Sustainable Timber. She thanked all ASEAN Member States (AMS) for the support and cooperation during her leadership over the years.

The Meeting was chaired by Mr Sapol and assisted by Dr Bui Chinh Nghia, Deputy Director of Forest Production Management Department, Viet Nam Administration of Forestry (VNFOREST), Viet Nam. Mr Dian Sukmajaya, Senior Officer of the ASEAN Secretariat updated the delegates on the outcomes of the 18th Meeting of the ASEAN Senior Officials on Forestry (ASOF) and related ASEAN Meetings, the establishment of ASEAN Community 2015 where the ASEAN Leaders reaffirmed strong commitment to continue the process of deepening economic integration over the next 10 years under the ASEAN Economic Community Blueprint 2025, as well as the Vision and Strategic Plan for ASEAN Cooperation in Food, Agriculture and Forestry (SP-FAF), 2016-2025.

Each AMS updated the Meeting on their country progress reports on the Criteria and Indicators (C&I) for legality of timber (or) forest management certification, implementation of timber certification and legality assurance systems as well as ASEAN Chain-of-Custody Guidelines. The AMS shared their progress and experiences on country's preparation for the implementation of timber legality assurance system and initiatives towards establishment of forest certification in the respective countries. The Lao PDR, Malaysia and Thailand also exchanged information and experiences in the preparation for negotiation with the EU on a Voluntary Partnership Agreement (VPA).

During the Meeting, the AMS were also informed on the development of Work Plan for Forest

Law Enforcement and Governance (FLEG) in ASEAN (2016-2025) which was developed based on the proposed Strategic Plan of Action for ASEAN Cooperation in Forestry (2016-2025) and the current Work Plan for FLEG in ASEAN (2008-2015), as well as ASOF decision to subsume the AWG-PATCI and ASEAN Expert Group for Herbal and Medicinal Plants into ASEAN Expert Group for Forest Product Development to enhance effectiveness and efficiency of the working groups under ASOF.

AMS noted the presentation by RAFT-TNC where it highlighted the thematic scope of RAFT for period 2015-2018 which includes sustainable forest and plantation management, transparent and legal trade as well as technical and advisory support provided by RAFT-TNC to create harmonisation of standards related to forestry and wood/paper products trade; sharing models and best practices in responsible forestry and trade from across ASEAN; capacity building support and outreach to major markets to strengthen incentives for responsible forestry and trade in the ASEAN region.

The Meeting also took note of the presentation by the EU-FLEGT Facility on it's activities in supporting FLEG Workplan (2016-2025) in the area of facilitation of legal and sustainable forest products, enhancement of ASEAN joint approaches in addressing FLEG issues, promotion and implementation of training programme on FLEG as well as small and medium sized enterprises.

The representative from FAO-FLEGT Programme Asia Pacific presented a concept note on "*Improved Compatibility and Synergies between Forestry Standards and Conformance Infrastructure in the ASEAN Region*" which highlighted the possible activities to support synergies and compatibility between standards and conformity infrastructure development used under FLEGT VPAs and voluntary certification schemes.

The Meeting was informed that the 16th Meeting of the Working Group on Pan ASEAN Timber Certification Initiative will be held in 2017 in Viet Nam. After the Meeting, the delegates visited the teak plantation at Tung Kwian Plantation near the Thai Elephant Conservation Center.

Did you know that.....

Japan is the latest country to achieve PEFC endorsement of its national certification system, the Sustainable Green Ecosystem Council (SGEC). The international recognition that endorsement brings, alongside the preparations for the upcoming Tokyo Olympic and Paralympic Games, are important drivers in encouraging companies, supplier and customers to reward the sustainable management practices of the country's many family forest owners.

The Sarawak state government is taking steps to boost competitiveness of its downstream timber industries in international markets. Among the steps being taken include establishing technical collaboration between industry players in support of research and development on Acacia other plantation timbers for the manufacturing of high quality furniture. So far the government has created a position at the University Malaysia Sarawak to conduct research and development on furniture design and high value furniture manufacturing. In addition there are plans to set up a trading house for the continuous supply of suitable raw materials.
