

Notice of Confirmed COVID-19 Case in Wisma STA

The Management of Wisma STA was notified today that the staff of one of our tenants at Wisma STA has tested positive for COVID-19. The said staff has not reported to work since 8 April 2021.

Sanitisation activities have been carried out immediately at the affected premises and common areas of Wisma STA. All employees of the affected tenant who have come into close contact with the affected staff have been placed on home-quarantine and are undergoing screening.

The Management of Wisma STA has advised all tenants to practise self-hygiene and adhere closely to the Standard Operating Procedures issued by the Ministry of Health and Sarawak Disaster Management Committee. The safety and wellbeing of every tenant is our top priority. We are also taking all necessary precautionary measures to ensure the health and safety of its tenants and visitors at the premises of Wisma STA.

The Management of Wisma STA
